Disclosable Pecuniary Interest (DPI)

Where a Member has a new or registered DPI in a matter under consideration they must disclose that they have an interest and, unless the Monitoring Officer has agreed in advance that the DPI is a 'Sensitive Interest', explain the nature of that interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared a DPI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation permitting them to do so. If during the consideration of any item a Member becomes aware that they have a DPI in the matter they should declare the interest immediately and, subject to any dispensations, withdraw from the meeting.

Other Significant Interest (OSI)

Where a Member is declaring an OSI they must also disclose the interest and explain the nature of the interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared a OSI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation to do so or the meeting is one at which members of the public are permitted to speak for the purpose of making representations, answering questions or giving evidence relating to the matter. In the latter case, the Member may only participate on the same basis as a member of the public and cannot participate in any discussion of, or vote taken on, the matter and must withdraw from the meeting in accordance with the Council's procedure rules.

Voluntary Announcement of Other Interests (VAOI)

Where a Member does not have either a DPI or OSI but is of the opinion that for transparency reasons alone s/he should make an announcement in respect of a matter under consideration, they can make a VAOI. A Member declaring a VAOI may still remain at the meeting and vote on the matter under consideration.

Note to the Code:

Situations in which a Member may wish to make a VAOI include membership of outside bodies that have made representations on agenda items; where a Member knows a person involved, but does not have a close association with that person; or where an item would affect the well-being of a Member, relative, close associate, employer, etc. but not his/her financial position. It should be emphasised that an effect on the financial position of a Member, relative, close associate, employer, etc OR an application made by a Member, relative, close associate, employer, etc would both probably constitute either an OSI or in some cases a DPI.

**DEAL TOWN COUNCIL
MEMORANDUM**

Attach 3

To: Chair of the Council, Cllr Chris Turner
From: Cllr Christine Oliver, Chair of Environment Committee
Date: 14th January 2022
Subject: Zero Carbon 2025 Deal budget

At the June 2019 Full Council Meeting, Deal Town Councillors unanimously passed a resolution acknowledging the climate and environmental emergency that is facing our planet. The Council committed to reducing the greenhouse gas (GHG) emissions of the Council's operations to net zero by 2025, and to support and encourage local businesses and residents to reduce their environmental impact.

As part of this commitment, Councillors and Officers attended training on carbon auditing and mapping the journey to net zero. A key take-away from the training was that in order to achieve the objective of net zero emissions by 2025 with minimal offsetting, that a realistic expectation would be that 10% of the council's annual budget would need to be set aside for this. Over the five year timeframe this amounts to roughly £250,000 or £50,000 per year.

For various reasons, including delays related to the coronavirus pandemic, a reluctance by the council to engage expert input, and undertaking the lower cost, 'low hanging fruit' actions first, has meant a significant underspend. To date only £14,620 has so far been expended / committed on Net Zero and environmental projects from the 2021-2022 budget, and £550 in 2019-20 and 2020-21 combined.

Please see below a draft plan that I have compiled which includes estimated costings that I would like the Environment committee to explore, subject to council agreeing the required overall budget.

Additional energy efficiency and carbon reduction measures 2021-2022:

- GIKI Zero pro package staff and councillors - £1000* (annual)
- Employ a suitably experienced architect to assess the Town Hall whole thermal and ventilation performance and develop a scheme of improvement that would satisfy Heritage Officer requirements - £4000
- Thermal imaging camera - £600

£5600 (current 2021-2022 budget, leaving a projected underspend of £29,780)

Offsetting projects to be commenced 2022-2023:

- A Greener Deal: Tree Planting Strategy - Summer 2022 - £2,500
- Urban Tree planting initiative - Autumn Winter 2022/3 - £10,000
- Urban Hedgerow Initiative and Tree Council's 'Trees for Schools' – Summer 2022 to Winter 2023 - £5,000

- Pond & Meadow at Victoria Park (triangle by Tides) in partnership with Kent Wildlife Trust - Spring 2022 - £7,500
- Establish a Tree Nursery at Goodwin Academy – Autumn 2022 - £5,000
- Seagrass Meadow Research in partnership with Kent Wildlife Trust – 2022 - £5,000
- Research and scope St Richard's Road Pumping Station Solar Farm – 2023/4 – alternatively, former landfill site Golf Road

Awareness raising activity 2022-2023:

- Tree Survey Communications & Engagement
 - Tree Data Tags – Summer 2022 - £2,500
 - Garden Tree Give-away (tree and nurture pack) – Winter 2022 & Winter 2022/3 - £5,000
 - i-tree eco my garden – Spring 2022 - £2,500
- Front Garden Competition
 - Launch: 2022 - £4,000
 - Awards Year 1: Summer 2023 - £4,000
- Create an Adult Education Gardening for Nature Course – Autumn 2022 - £3,000
- Create an Adult Education Grow Your Own Food Course – Autumn 2022 - £3,000
- Reusable Takeaway Containers - 2022/3 - £10,000
- Water fountain on the Pier canopy - 2022/3 - £5,000
- Monitoring and evaluation of progress - £1000* (annual)

Total for 2022-2023: £76,000

Potential projects 2023-2024 identified so far:

- Community orchard / community woodland - £6,000
- Green roofed cycle shelters / secure Town Hall cycle storage - £7,500
- Match fund opportunity Library of Things Kiosk - £20,000
- Project with Kent Wildlife Trust to identify carbon sequestration sites - £5,000
- Acquire land / leases for potential rewilding or renewables - £10,000

Total for 2023-2024 £50,500

Recommendations

1. The remainder of the unspent Environment 2021-2022 budget at year's end be ringfenced for Net Zero 2025 initiatives
2. Deal Town Council should set aside £50,000 in the 2022-2023 budget for Net Zero and Environmental initiatives, in order to meet our commitment
3. Councillors commit to setting aside a minimum of 10% of the global DTC budget for carbon reduction measures, year on year.

**DEAL TOWN COUNCIL
MEMORANDUM**

To: Cllr C Turner - Chairman of Deal Town Council,
All Council Members
From: Paul Bone – Responsible Finance Officer
Date: 19th January 2022
Subject: Draft Budget 2022/23

Draft Budget 2022-23:

At an Extra Ordinary meeting of the Finance & General Purposes Committee held on 13th December 2021 it was RESOLVED:

To accept the revised budget referenced 'SBv1', as circulated to members prior to the meeting by Cllr Beer as the Draft Budget for 2022/2023 to be recommended to Full Council for agreement.

Please see attached Draft Budget 2022/23 that incorporates the above recommendations.

For Information

The Environment Committee asked that F&GP considered including an additional £50,000 on top of the amount remaining in the Environment Committee reserve at the end of the financial year that would increase the proposed budget to £84,600. Within the recommendation from F&GP, an additional amount of £15,600 has been recommended that will bring the total 2022/23 Environment budget to £50,000.

It should be noted that other DTC committees also spend part of their allocations on environmental improvements within their projects.

DTC has spent well over 10% per annum of the total budget spend over the past 3 years when all projects are taken into account such as: Cycle Friendly Deal, move to sustainable planting, Hybrid Town Car, Town Hall insulation and glazing improvements.

**DEAL TOWN COUNCIL
MEMORANDUM**

To: Cllr C Turner - Chairman of Deal Town Council,
All Council Members
From: Paul Bone – Responsible Finance Officer
Date: 19th January 2022
Subject: Precept 2022/23

Please see the attached information relating to setting the Precept that was included in the agenda for the F&GP meeting.

Precept 2022-23:

At a meeting of the Finance & General Purposes Committee held on 18th January 2022 members agreed to submit the following recommendation to Full Council for agreement:

Recommendation:

The Precept is set at £475,261 to fund the Draft budget as recommended by this committee to Full Council with no additional draw on the General Reserve.

Please see attached information that was included in the agenda for the F&GP meeting, and the precept and Precept Demand 2022/23

Decisions required

- Members to consider the approval of the Precept Demand for 2022/23
- Members to authorise the Chairman of the Council and the Town Clerk to sign the Precept Demand on behalf of the Council

Information to be taken into account when setting the Precept

1. Level of General (Revenue) Reserve

The current level of the General Reserve as at 31st March 2021 was £264,036. From this, Council agreed a sum of £82,590 to support the 2021/22 budget that leaves the General Reserve at £181,446

The Good Councillors Guide to Finance and Transparency 2017 suggests that a council should typically hold between 3 and 12 months expenditure as a general (revenue) reserve. Based upon the current year's budget the general (revenue) reserve was at just over 4 months (a drop from 7 months last year).

If the full Draft budget (including requested additions) is agreed, this will drop to 3.5 months

With this in mind, it will not be possible to use any more of the Council reserves to fund the 2022/23 budget and all the balance will need to be funded via the Precept.

2. Level of Precept

For the 5 years up to 2020/21 this Council had held the Precept Demand to DDC at the same level of £58.01 per 'Band D' equivalent property. Last year it was raised by 2.5% to meet the requirements of the budget as well as taking £82,590 from reserves. The amount of the Precept Demand is based upon the amount that this council wants to charge per Band D equivalent property multiplied by the 'Tax base' for that year. Last year the 'Tax base' was 6,763.64 resulting in a Precept Demand of £402,166.03

Over the past 8 years the Tax Base has risen by an average of 1.57% per annum up to 2020/21 and dropped by around 1% in 2021/22.

The 'Tax base' 2022/23 for Deal is set at 6875

Year	Tax Base	%age increase	Band 'D'	Precept Demand
2021/22	6763.64	2.5%	£ 59.46	£ 402,166.03
2020/21	6828.29	1.15%	£ 58.01	£ 396,109.10
2019/20	6750.79	1.49%	£ 58.01	£ 391,613.33
2018/19	6651.71	0.86%	£ 58.01	£ 385,865.70
2017/18	6594.87	1.81%	£ 58.01	£ 382,568.41
2016/17	6477.35	2.09%	£ 58.01	£ 375,751.07
2015/16	6344.48	2.36%	£ 59.22	£ 375,720.11
2014/15	6198	1.19%	£ 59.22	£ 367,045.56
2013/14	6125	-	£ 59.22	£ 362,722.50

For additional information the 2021/22 'Band D' equivalents for other local Towns are as follows: -

Towns		
	Deal	£ 59.46
	Dover	£ 101.83
	Sandwich	£ 135.96
	Walmer	£ 58.08
	Average across all 4 towns	£ 88.83

An increase in the precept of £10,000 would raise the 'Band D equivalent' by approximately £1.45

Setting the Precept Demand 2022/23

To fund the full 2022/23 Draft budget as approved for recommendation to Full Council by F&GP on 13th December without drawing any further on reserves will require a Precept of £475,261

This would increase the 'Band D' equivalent by 16.2% to **£69.13** (£1.32 per week). This falls well below last year's average of the 4 Local towns.

If Council decide to not increase the 'Band D' equivalent and take the addition funds from reserves, this would result in a Precept of £408,787 and reduce the reserves down to £114,972. This would be equivalent to 2.9 months revenue spend and fall below the recommended 3 to 12 months that should be held in general reserve.

DEAL TOWN COUNCIL
MEMORANDUM

Attach 7

To: Cllr C Turner, Chairman of Deal Town Council
All Members
From: Joanne Harper, Events Manager
Date: 18th January 2022
Subject: The Queen's Platinum Jubilee & Queen's Green Canopy 2022

In my report to Full Council for November 2021 I advised that the Queen's Platinum Jubilee will be held over the long bank holiday weekend of Thursday 2nd June to Sunday 5th June 2022, and that I would submit a recommendation to this meeting on how the council could commemorate this Jubilee.

In doing this, I have taken into consideration that the council is already committed to holding the Womens Football tournament in July, which will stretch over a weekend. This will be a large event, open to all public and will involve a fair amount of staff resource to organise. This is in addition to Heritage Weekend, and it is hoped the Braderie will restart.

I have also been mindful that we are still in a pandemic.

Recommendations:

(1) For the Jubilee in 2012 the council held a tree planting ceremony in the garden of remembrance, behind St Georges church, this was open to the public and was very well received. In keeping with this practice and as part of the Queen's Green Canopy Tree Planting Initiative the council holds a tree planting ceremony to plant a commemorative Jubilee tree. An approximate cost for a suitable tree including planting and a commemorative plaque is £750.00.

Although DDC has confirmed we would not be able to plant this in the garden of remembrance due to insufficient space, it is hopeful we could in Victoria Park. I am currently in discussion with the Tree Officer at DDC to identify a possible site.

(2) For the long bank holiday weekend of Thursday 2 June to Sunday 5 June the exterior of the Town Hall is decorated (as it was for the coronation of George V in 1910) to create an impressive impact in recognition of the Jubilee and for everyone to see. This includes garlands, bunting, flags that will be reusable.

(3) A budget of £1,000 is required

(4) To delegate authority to the Event Manager in liaison with the Town Clerk to make the necessary decisions to complete these recommendations.

Decision Required:

Members to consider the above recommendations.

Flood Task Force

At the Full Council meeting in October 2021 the following decision was made;

RESOLVED: That Cllr Mike Eddy will be the Deal Town Council representative on the Deal Task Force if permitted. To contact Natalie Elphicke MP to advise that Deal Town Council condemns in the strongest possible terms the decision by the MP for Dover and Deal to vote in favour of allowing water companies to continue to discharge raw sewage into the sea and water courses at levels above EU regulation standard. Given that the constituency is predominantly made up of seaside towns that rely on tourism and clean and safe beaches, her decision is perverse in the extreme. We urge Natalie Elphicke MP to represent the people of Deal by voting against these measures when the issue returns to the House of Commons for a second vote on 27th October.

The above was actioned the following day. Please see attached response received via email at the end of November.

As the letter from the MP made no reference to the request that a DTC rep is included on the taskforce I followed this up with a further email and received this response.

The taskforce is a technical group that Southern Water, KCC and DDC are investing significant resources into in order to find workable solutions to the flooding issues in Deal and surrounding areas. Cllr Trevor Bond sits on that taskforce as he is both a county councillor and a district councillor. I co-chair the taskforce with the Chief Executive of Southern Water.

There is detailed mapping and survey work underway. The taskforce expects to report back to residents in six months with an initial report and recommendations. The work is progressing in a very practical way with a determination to look at lasting and sustainable measures for our area. Of course, as that work progresses to its next stage, I will be holding meetings and discussions with our community about it.

Phlebotomy

At the November Full council meeting the following decision was made;

RESOLVED: That the Chairman writes a letter to KCHFT expressing regret that Deal Town Council, GP's and members of the public were not consulted on the closure of the Phlebotomy Unit and asks them to reverse their decision and further asks them to protect all services at Deal Victoria Hospital.

That Deal Town Council calls on the local MP to use her good offices to challenge and reverse this decision.

These letters have been sent and to date no response has been received.

30 November 2021

Dear Cllr Turner,

Thank you for your letter. Stopping flooding and sewage overflows - as well as high environmental standards - really matters to me so I am pleased to have supported in Parliament the Government's new groundbreaking Environmental Act, which has received Royal Assent since your letter to me. These laws will include binding legal obligations to force water companies to reduce sewage outflows. They will also include a raft of measures to raise environmental standards across the board.

It's also why locally I have ensured a flooding taskforce is set up to deal with the long-standing flooding problems that have affected Deal as well as villages like Shepherdswell, which Cllr Trevor Bond attends. I have also raised this in Parliament and met with DEFRA Ministers as well as the former and current chief executives of Ofwat, and the chief executive of Southern Water.

Cllr Bond and I will be keeping affected residents up to date with the outcomes of the six month technical working programme, including proposed actions flowing from the technical work being undertaken. This practical approach is a national pilot programme which I have initiated and secured, together with financial commitments and technical engineers dedicated to the Deal programme to ensure that the issue is addressed for the long term, as well as to alleviate unacceptable flooding and strain on residents in the short term.

However, the work doesn't end with the new Environment Act in place. I would like to see reforms to the way the water industry is managed, so that strong environmental improvements can be made on the one hand, while the impact on water bill payers is kept in check. I want to ensure that water sustainability is given more attention in looking at what

can be done within existing homes as well as ones planned for the future. I have been setting out proposals to Ministers about the need to make this happen.

Everyone knows we have a water and sewage system based on the approaches set out by the Victorians. That will take time, and fresh thinking, to fully overhaul. I very much hope that in my time in Parliament real progress will be made to update and modernise the system nationally, as well as a roadmap developed which will see lasting change to the flooding issues which have affected our local area for too long.

Thank you again for getting in contact with me.

Best regards,

DOVER PORT HEALTH AUTHORITY:

- Defra have provided £11,828,635 Investment to Dover District Council Port Health Authority (DPHA) to date. This is to cover the set up costs for the new Dover SPS BCP (formally referred to as Bastion Point). Defra fund the set-up and ongoing costs associated with running the facility (rent, cleaning, maintenance and operational staff to move the goods around the facility etc.). DPHA pay the costs associated with running the service (Port Health staff, sampling equipment, training etc.). The facility is due to go fully live in November 2022, with sample checking due to commence July 2022.
- When fully operational, the checks will be completed by approximately 200 staff, DDC have currently secured 100 new staff (with the vast majority being local people).
- The facility covers 4.96 acres. The warehouse is 75,751 sq ft and has 7 Dock levelers and 2 side loading bays.

KENT & MEDWAY BUSINESS FUND:

- Conducted a very constructive meeting with Aylesham District Community Workshop Trust to discuss the construction of 28 Commercial Units on their Aylesham site. In order to facilitate the project the Trust is currently complying a major bid to apply for a grant via the Kent & Medway Business Fund. The K&MBS is a joint funding pool between Medway and KCC which re invests government monies in promoting business in Kent. Monies received back in the form of loan repayments are re invested in new applications from businesses

LIFE SCIENCES: ~ Positive outlook for 2022

The new year has started positively for Discovery Park after it announced that more than 50 new companies had been attracted to the science, technology and innovation park near Sandwich in Kent during 2021. During the last 12 months, Discovery Park's property team agreed leases with 53 new arrivals for a total of more than 46,000 sq ft of office and laboratory space at the site in East Kent.

Mayer Schreiber, Chief Executive Officer at Discovery Park, said: "Despite the Covid lockdowns with many people working from home, we finished the year on a high. Over the past year we saw a growing demand from innovation-based businesses, especially those in the industrial biotechnology sector, including those focused on the net zero agenda. Each new arrival is eager to work alongside like-minded entrepreneurs, as well as well-established companies with access to high quality laboratories and cluster of professional advisers".

Highlights in 2021 included the arrival of global power solutions provider Cummins, which relocated 200 staff taking 16,500 sq ft of office space in Discovery Park

Strong demand for space at Discovery Park is from businesses involved in life sciences, which collectively took more than 10,000 sq ft of laboratories to facilitate growth. One of the drivers for the growth is from businesses looking for high quality laboratory space and the lack of it in London.

Jane Kennedy, Chief Business Officer at Discovery Park, added: "Our pipeline of enquiries remains strong, with heads of terms agreed with a number of businesses. Over the next couple of months we will be announcing the arrival of companies involved in the study of viruses and zero emission transport, focused on solving some of the most important issues of our time."

Eleven of the companies to make Discovery Park their home since 1 January last year were attracted by the flexible leasing and small offices in the Start Up Zone, with space for them to expand as the companies grow.

For more information about Discovery Park's offering to businesses visit www.discovery-park.co.uk.

VISIT TO COACHWORKS ASHFORD:

- A presentation to Co Working entrepreneurs organized by **Partner Organisation Locate in Kent** at the Coach House Ashford has led to invites to Office Tribe in Tunbridge Wells and other Co Working locations across the county. This is a growing business area especially for the SME Sector & a great boost in reducing new business entry costs.
- Additionally, the visit has generated an opportunity for 2/3 apprentices who will be assisted by the apprentice kent@the education people run by KCC

VISIT KENT:

Visit Kent is one of KCCs successful partnership organisations, which as its name suggests promotes tourism both within and to Kent. The Tourist industry is vital to the counties prosperity providing both revenue, employment and excellent outlets for Kent grown produce. To this end KCC works closely with VK and other partner organisations such as **Produced in Kent** **Locate in Kent** in promoting the Kent economy.

The Government has released more information on the grants available to businesses within the tourism and hospitality sectors. Visit Kent has been prominent in marketing to the hospitality sector the following HMG Hospitality Grants.

If Councillors are aware of any business in the Hospitality sector who may benefit from these grants can they please pass this information onto them.

Omicron Hospitality and Leisure Grant

This fund is available to leisure businesses that provide opportunities, experiences and facilities, in particular for culture, recreation, entertainment, celebratory events and days and nights out. The full list of applicable businesses is featured on our website [here](#).

The key features of this grant include:

- Businesses will be required to self-certify with an application to the local authority they pay their business rates to.
- Funding will be made available to local authorities in January 2022. The scheme will close for applications on 28 February 2022 and all final payments must be made and dispersed to recipients by 31 March 2022.
- Businesses with a rateable value of up to £15k will get £2,667
- Businesses with a rateable value above £15k but less than £51k will get £4,000
- Businesses with a rateable value over £51k will get £6,000

Additional Restrictions Grants (ARG)

All ARG funding, including this third round must be distributed by 31 March 2022. ARG is allocated at the discretion of distributing local authorities, however, this grant has been

designed to support those who may have missed out on the Omicron Hospitality and Leisure Grant. The full list of applicable businesses is featured on our website [here](#).

How do businesses access these grants?

Businesses must apply to the local authority they pay their business rates to for both the Omicron Hospitality and Leisure Grant and the Additional Restrictions Grant. We will [update this page on our website](#) (Visit Kent) when we have the links to the application details from each of the local authorities.

AREA DEVELOPMENT (Dungeness):

- Currently conducting initial discussions with Folkestone & Hythe MP (Damion Collins) regarding the future development of the Dungeness Power Station Site. The station has been a source for power generation and employment for over 40 years & working with the local MP, KCC is keen to promote options that will both maintain & generate new employment for the area as well as enhancing the environmental uniqueness of the Romney Marshes.

STODMARSH:

- A further letter signed by the leader (KCC) and effected District council leaders & Chief Execs has been sent to Michael Gove & George Eustice requesting a meeting to discuss a way fwd over the Stodmarsh issue which is holding back the construction of an estimated 33,000 new homes in Kent.

STRAITS COMMITTEE:

- Novembers face to face meeting in Arras was cancelled due to the Covid restrictions but due to the adaptation of technology the meeting was held virtually . This was made possible by the expertise provide by officers from KCC. ~ Thanks were received from Pas -de Calais (Vice President) Mme Mireille Gereda.
- The Straits committee is currently working on a number of inter regional projects between the various administrations and promoting joint research between various Universities. It is planned that in March Essex County Council (aided by KCC) will become a formal member of the Straits committee.
