Declarations of Interest

Disclosable Pecuniary Interest (DPI)

Where a Member has a new or registered DPI in a matter under consideration they must disclose that they have an interest and, unless the Monitoring Officer has agreed in advance that the DPI is a 'Sensitive Interest', explain the nature of that interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared a DPI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation permitting them to do so. If during the consideration of any item a Member becomes aware that they have a DPI in the matter they should declare the interest immediately and, subject to any dispensations, withdraw from the meeting.

Other Significant Interest (OSI)

Where a Member is declaring an OSI they must also disclose the interest and explain the nature of the interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared a OSI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation to do so or the meeting is one at which members of the public are permitted to speak for the purpose of making representations, answering questions or giving evidence relating to the matter. In the latter case, the Member may only participate on the same basis as a member of the public and cannot participate in any discussion of, or vote taken on, the matter and must withdraw from the meeting in accordance with the Council's procedure rules.

Voluntary Announcement of Other Interests (VAOI)

Where a Member does not have either a DPI or OSI but is of the opinion that for transparency reasons alone s/he should make an announcement in respect of a matter under consideration, they can make a VAOI. A Member declaring a VAOI may still remain at the meeting and vote on the matter under consideration.

Note to the Code:

Situations in which a Member may wish to make a VAOI include membership of outside bodies that have made representations on agenda items; where a Member knows a person involved, but does not have a close association with that person; or where an item would affect the well-being of a Member, relative, close associate, employer, etc. but not his/her financial position. It should be emphasised that an effect on the financial position of a Member, relative, close associate, employer, etc OR an application made by a Member, relative, close associate, employer, etc would both probably constitute either an OSI or in some cases a DPI.

DEAL TOWN COUNCIL MEMORANDUM

To:

Cllr B Bano, Chairman of the Transport & Infrastructure Committee; Members of the

Transport & Infrastructure Committee

From:

Mr P Bone - Deputy Town Clerk & Mrs L Marney - Committee Clerk

Date:

1st March 2024

Subject: Permanent Pedestrianisation of the North End of Deal High Street

As members will be aware, the second largest number of comments from Deal residents of the Deal Town Plan survey was the proposal for the permanent pedestrianisation of the High Street. This was included in the Town Plan Priority Action Plan 2023/24 as an action for the Transport & Infrastructure Committee.

The action identified by the Town Plan was: 'Deal Town Council to consult on the permanent Pedestrianisation of the North part of the High Street.'

The Committee Clerk and Deputy Town Clerk have had meetings with the Planning and Advice team at Kent County Council. These have been to discuss the viability of permanent pedestrianisation of the north part of the High Street and the expansion of the existing Traffic Regulation Order. It is clear that without KCC support, such a scheme could not be considered. The Officers also supplied KCC with all the relevant details collated from the Town Plan.

KCC have now considered this information and advised that:

Following a meeting with our Planning & Advice Team to further investigate the feasibility of extending the pedestrianisation of High Street, Deal, it has raised several crucial points and factors that may have an impact on the effectiveness and public support of a pedestrianisation.

The ideal scenario in making the High Street pedestrianised would be to exclude all vehicles entirely from the zone within the restricted hours making it safe for pedestrians to use the space freely. Doing this would exclude busses which use this route, access to residential dwellings, deliveries to the many businesses, including shops, bars, pubs, along with permit holder and disabled parking. I am quite sure that this would not gain full support for the proposition of the scheme.

Exclusions could be made, ie. Allow the bus route to continue and permit holders to continue parking but this makes the scheme more difficult to manage and would also give pedestrians a false sense of safety and security when there is still the possibility of vehicles using the carriageway. With the hours of proposed vehicle exclusion, ideally this would need to be managed by signage and it is feared this would be ignored by other road users should the permitted vehicles be seen to access the pedestrianised zone. Police or civil enforcement could also be considered in the management of this.

In order for this scheme to progress for further feasibility assessments, we would request that an informal engagement is carried out with all residents and businesses in the proposed pedestrianised area, clearly stating the proposed scheme and the measures being taken to mitigate the issues that they would face, and subsequent feedback provided to KCC. Deal Town Council would also need to provide evidence from Dover District Council, County Councillors, and any other key stakeholder support of the pedestrianisation.

Officer Guidance:

Before Deal Town Council could consider consultation with the residents of the Deal Wards, as it did for the Saturday closures, the Council would need the support of the KCC planning and advice team.

The first stage of the consultation process has now taken place with KCC as reported above.

Looking at the many concerns raised by KCC, it would be very unlikely that the scheme would gain support from the shopkeepers and residents who live/work in the immediate area as identified by KCC.

Any scheme that included 'a shared space' would also be potentially dangerous and extremely difficult to be policed and managed as identified in the report from KCC.

Recommendation:

To recommend to Full Council that, based upon the 'several crucial points and factors that may have an impact on the effectiveness and public support of a Pedestrianisation' as raised by KCC, a scheme for the permanent Pedestrianisation of the North part of the High Street is not viable at this time and to close this Town Plan action.

Decision required:

Members to consider the above recommendation.

Subject: Mill Hill Accessibility Report

At the November 2023 Committee meeting, members were asked to consider adding some of the areas raised by the Deal Speaking Up Group from their accessibility report to the DTC 2nd HIP application.

Members RESOLVED: That the Committee Clerk, Speaking Up Group and Mill Hill Ward Councillors undertake a more detailed survey of the Mill Hill/Mill Road area to highlight exact areas where improvement is needed and bring the report to the January meeting.

At the January meeting the Committee Clerk advised members that there was a delay to this report due to volunteer/staff sickness and poor weather conditions.

On the report provided by the Deal Speaking Up Group, it stated that Davis Avenue in Mill Hill needed a dropped kerb and a drainage channel on the pavement in Mill Hill was obstructive to people with mobility issues. The work on these sites has now been completed by KCC.

The Committee Clerk has now managed to view the area and produce a report, which includes photographs of various locations where accessibility issues are experienced by residents. (See report attached).

Recommendation: Members to consider whether to add some, or all locations identified in the report to the DTC 2nd Highway Improvement Plan.

Decision required:

Committee members to consider the above recommendation.

Deal Town Council Accessibility Report – Mill Hill (March 2024)

A survey of the lower part of the Mill Hill (map attached) has been explored, and the following areas have been identified for possible inclusion in the Deal Town Council Highways Improvement Plan.

The table below lists locations in the Mill Hill area where residents encounter accessibility problems. (Relevant photographs follow the table).

At the Transport & Infrastructure Committee held on 17th January 2024. Members RESOLVED: To note that the Mill Hill accessibility report will be delayed and defer any further suggestions for the 2nd HIP application to the next meeting.

I can advise that the Deal Speaking Up Group have investigated the exact location points for the St Richards Road and Sondes Road crossings, and these have been added to the 2nd HIP application. (See attached).

With regards to the Deal Castle Crossing that was requested to go in the 2nd HIP application, the Committee Clerk is still awaiting a response from KCC. However, there is a current planning application for Deal Castle with Dover District Council still awaiting a decision:

DEAL TOWN COUNCIL MEMORANDUM

To:

All Committee members

From:

Councillor Mike Walters, Vice Chairperson of the Transport & Infrastructure Committee

Date:

26th February 2024

Subject: Dossett Court, Deal – Bus Stop Request

At the January Committee meeting, correspondence was received from the residents of Dossett Court, off St Richards Road in Deal, requesting a bus stop sign outside Dossett Court which is noted on the Stagecoach timetable. Members RESOLVED: *The Vice Chairperson to write to the bus company requesting signage.*

The Committee Clerk received the following response from Stagecoach:

I refer to the letter of 22 January from Councillor Walters (attached).

I confirm that Dossett Court is still an established, designated bus stop, situated at the lamp column outside number 30 St Richard's Road. It looks as though the flag has disappeared at some point. I will arrange for a replacement.

However, the stop will not have the full facility of a raised kerb and bus stop clearway. Provision of these is the responsibility of KCC Highways.

Please be aware that there is no companion stop in the other direction. The nearest one is by Lydia Road and is situated opposite the Water Tower.

The above response received is positive, however, I would like to follow this matter up with a letter to KCC Highways requesting the removal of an existing obsolete graffitied sign on the lamppost outside number 17 St. Richards Road, and that it be replaced with a bus stop request sign to compliment the new sign outside number 30 St. Richards Road.

Recommendation: Committee Members to agree that the Vice Chairperson writes to KCC Highways requesting graffitied sign outside 17 St Richards Road be replaced with a new bus stop request sign.

Decision required: Committee members to consider the above recommendation.

DEAL TOWN COUNCIL MEMORANDUM

To:

All Committee members

From:

Councillor Ben Bano, Chairperson of the Transport & Infrastructure Committee

Date:

23rd February 2024

Subject: Correspondence received - Parking Issue, St Richards Road

I have received correspondence from DDC Mill Hill Ward Councillor Jeff Loffman. Residents have relayed concerns to him regarding a roadside issue in St. Richards Road, on the corner where Mill Hill meets St Richards, opposite the bays designated for parked cars which help facilitate parking for the Premier shop.

The location is on the opposite side outside no.84 St Richards Road where there are fading double yellow lines.

The issue is that vehicles, including lorries, have been parking on the pavement and at these double-yellow lines clearly creating hazard for pedestrians and in contravention of the double yellow-line requirement.

St Richard's Road is being increasingly used as a speed area, clearly an issue for the primary school further down the road. The installation of speed-humps or an equivalent might be a proactive response before any serious accidents occur.

Solution: Diagonally opposite, near the builders, there are 'bollards' by the curb to prevent parking. The solution would be to erect 3 or so of these by the double-yellow lines which would deter drivers from parking and the double yellow lines that are fading outside number 84 St Richards Road could be re-painted.

Recommendation: Chairperson writes to KCC requesting bollards be installed and request that the fading yellow lines are re-painted.

Decision required: Members to consider the above recommendation.
